# LET'S COLOR!

- \* For Wednesday, finish coloring the map that I've handed out to you
  - \* Use the "Submarine Cable Map" resource on the course schedule as a guide
- \* 228(ish) cables represented, think of some ways to represent them
  - \* You can do this by finding ways not to draw them all
- \* Include a "Legend" on the map to indicate how you're organizing them
